Leon County, Florida, 32308

RE: Bid Number 11-12-98-03
Leon County Lakes Water Quality Monitoring

I am requesting that the Board of County Commissioners renew 'The Leon County Lakes Ecology Project' (contract number 11-12-98-03), with McGlynn Laboratories Inc. This renewal would extend from 1 October 2003 until 30 September 2004. This will be the third annual extension of our current contract with the County. The current extension expires on 30 September 2003. The total contract amount is \$158,630.00. This contract amount is the same as last year. The only change in the contract would involve dropping two of the four stations in Lake Weeks and adding a station in Meginnis Arm, Lake Jackson and a second station in Lake Bradford on the side of the lake furthest from the inflow.

Please let us know if we can be of further assistance,

Laboratory Director
